

# LEVERAGE YOUR LEADERSHIP LEARNING SERIES

## INCLUDED IN THE SERIES

- 2 1/2 hour learning series will be facilitated 4 nights throughout the school year
- 35 teacher and staff leaders selected by the district
- Journals are provided that will be used for reflection and goal setting at each session
- In between sessions, a weekly newsletter will be sent to participants with articles and videos to reinforce the topics being discussed and continue the learning process

## WHY YOU NEED THIS SERIES

It is more important than ever to invest in our teacher leaders. There are some opportunities to grow future administrators. But what about teacher leaders who are not interested in administration? Our teacher leaders influence their colleagues and drive our school culture, all while taking on additional responsibilities. We are pouring on more and more to our best teachers rather than pouring into them. This is leading to burnout and teacher retention issues. Building a teacher leadership cohort in your district creates the time and space to develop their leadership skills and influence to support their peers and district initiatives.

## GOALS FOR THE SERIES

- Increase teacher leadership capacity across the district
- Create a leadership cohort encompassing all schools
- Improve school culture
- Support the wellness of teacher leaders
- Support building leaders in new and reflective ways
- Decrease teacher burnout

## FEEDBACK FROM PARTICIPANT

"I have been teaching for 19 years, and in that time have had many opportunities to engage in leadership programs. The Leverage Your Leadership series has exceeded my expectations by far, and offered me a deeper reflection and engagement within my teaching practice and personal awareness. I have thoroughly enjoyed my time alongside my peers and valued every exercise we engaged in together. The concepts we discuss help us look at our goals and passions through a different lens that is refreshing. - High School Teacher
